Terrell Harrigan has an unrivaled love of the natural world and she is a DOER!

- She is extraordinarily creative and enjoys arranging flowers and collected gifts from nature that keep their home always complemented with natural beauty.

- She is eternally curious and has an energy that knows no bounds - she will always pour herself into any job, project, initiative or passion that to which she commits.

- Terrell is thoughtful and is discerning with where she chooses to devote her time and energy. Lucky for us, the Tuckahoe Garden Club is a group with whom she would love to be involved!

- She is eager to dive into horticulture for personal understanding but also explore ways to share all that our club has to offer through education and outreach to our fellow neighbors in areas of our city that could benefit from beautification.

- But above all of the qualities that will make Terrell a fit and fabulous addition to our club, is her deep passion for community outreach/service and the desire to make our community a more beautiful spot.

Terrell Harrigan- Curious, energetic, passionate, creative, committed and nature-loving. What an asset for our TGC!
